

Metropolitan Transportation Plan (MTP) 2035 Project Application

Sponsor Information

Project Sponsor / Agency: City of Wichita

Project Information

Project Location: 119th Street W

To: Pawnee

From: Kellogg

Project Description: Reconstruct 119th Street W to a 4/5 lane roadway with pedestrian facilities and drainage improvements.

Project Purpose: Reduce congestion. Improve vehicular safety by providing a continuous left turn lane. The project will also construct sidewalks with ADA ramps.

Main Project Type: Road

Other Project Types Included: Yes

If yes to the previous question, what other project type are included?

Road:

Rail:

Bicycle / Pedestrian: **Yes**

Bridge:

Intersection: **Yes**

Railroad Crossing:

Transit:

Interchange:

Travel Demand / System Management:

If project occurs on a roadway what is the facility type? Arterial

Anticipated Year to Start Construction: 2010 - 2019

Is the project listed in any WAMPO or other regional plans? Yes

If yes, list the name of plan(s) and page number: SATS - 119th Street West is listed in this study as a f

Project Cost Information

Engineering Cost: \$100,000.00

Annual Operating and Maintenance Cost:

\$40,000.00

Right of Way Cost: \$100,000.00

Dedicated Funding:

No

Construction Cost: \$3,900,000.00

If yes, please provide source and amount:

Total Project Cost: \$4,100,000.00

Metropolitan Transportation Plan (MTP) 2035 Project Application

Measures of Effectiveness Information

All projects types were asked to completed MOEs #1 - #4. MOE #5 is for Road and Bridge; MOE #6 is for Bike / Ped; and MOE #7 is for Travel Demand / Systems Manage

1) Does the project contribute to the overall improvement of the regional transportation system? Yes

If yes, please explain: This section of roadway is included in the SATS. It will provide connection to Kellogg from the southwest portion of the city.

2) Does the project have a positive effect on air quality? Yes

If yes, please explain: Provides additional capacity to reduce congestion.

3) Does the project include facilities for, accommodate, or connect more than one mode of transportation? Yes

If yes, please explain: Sidewalks will be constructed with the paving project.

4) Does the project address or help address a safety concern? Yes

If yes, please explain: The project will provide left turn lanes at selected locations to reduce number of rear-end collisions.

5) Does the project address a regional issue that is addressed in a WAMPO plan? Yes

If yes, please explain: 119th Street West from Kellogg to 95th Street south is listed in the SATS as an Tier 1 corridor.

6) Is the project on a route identified in the WAMPO Regional Pathway System Plan (RPSP) and identified as a priority missing link? Does the project connect existing pathways?

If yes, please explain:

7) Does the project address congestion and is identified in the WAMPO Congestion Management Process (CMP) and/or Intelligent Transportation Systems Regional Architecture (ITS-RA)?

If yes, please explain:
