

# Metropolitan Transportation Plan (MTP) 2035 Project Application

## Sponsor Information

Project Sponsor / Agency: *City of Wichita*

## Project Information

Project Location: Greenwich

To: Pawnee

From: Harry

Project Description: Reconstruct Greenwich Road to a 4/5 lane roadway with medians.

Project Purpose: Reduce congestion. Improve vehicular safety by providing dedicated left turn lane. The project will also construct sidewalks with ADA ramps.

Main Project Type: Road

Other Project Types Included: Yes

If yes to the previous question, what other project type are included?

Road:	Rail:	Bicycle / Pedestrian:	Yes
Bridge:	Intersection:	Railroad Crossing:	
Transit:	Interchange:	Travel Demand / System Management:	

If project occurs on a roadway what is the facility type? Arterial

Anticipated Year to Start Construction: 2010 - 2019

Is the project listed in any WAMPO or other regional plans? Yes

If yes, list the name of plan(s) and page number: Greenwich Road from Kellogg to 95th Street South i

## Project Cost Information

Engineering Cost:		Annual Operating and Maintenance Cost:	\$40,000.00
Right of Way Cost:	\$150,000.00	Dedicated Funding:	No
Construction Cost:	\$4,500,000.00	If yes, please provide source and amount:	
Total Project Cost:	\$4,650,000.00		

# Metropolitan Transportation Plan (MTP) 2035 Project Application

## Measures of Effectiveness Information

All projects types were asked to completed MOEs #1 - #4. MOE #5 is for Road and Bridge; MOE #6 is for Bike / Ped; and MOE #7 is for Travel Demand / Systems Manage

1) Does the project contribute to the overall improvement of the regional transportation system? Yes

If yes, please explain: Greenwich Road is mentioned in the SATS document as a Tier 1 street.

2) Does the project have a positive effect on air quality? Yes

If yes, please explain: Reduce congestion, provides a continuous left turn lane. Improves the intersection of Pawnee & Greenwich to include left turn lanes in all directions.

3) Does the project include facilities for, accommodate, or connect more than one mode of transportation? Yes

If yes, please explain: Pedestrian facilities will be constructed.

4) Does the project address or help address a safety concern? Yes

If yes, please explain: Provides a center left turn lane, reduces potential for rear-end collisions. Providing sidewalk for pedestrians to walk/bike.

5) Does the project address a regional issue that is addressed in a WAMPO plan? Yes

If yes, please explain: Improves arterial network as recommended in the SATS.

6) Is the project on a route identified in the WAMPO Regional Pathway System Plan (RPSP) and identified as a priority missing link? Does the project connect existing pathways?

If yes, please explain:

7) Does the project address congestion and is identified in the WAMPO Congestion Management Process (CMP) and/or Intelligent Transportation Systems Regional Architecture (ITS-RA)?

If yes, please explain:
