

Metropolitan Transportation Plan (MTP) 2035 Project Application

Sponsor Information

Project Sponsor / Agency: *Sedgwick County Public Works*

Project Information

Project Location: 71st St. South from 263rd St. West to 327th St. West
 To: 327th St. West
 From: 263rd St. West
 Project Description: Construct a 2 lane rural collector with open ditches on 71st St. South from 263rd St. West to 327th St. West
 Project Purpose: Rebuild cold mix asphalt road that serves as a major collector in the southwest part of Sedgwick County.
 Main Project Type: Road
 Other Project Types Included: Yes

If yes to the previous question, what other project type are included?

Road:		Rail:		Bicycle / Pedestrian:	
Bridge:	Yes	Intersection:	Yes	Railroad Crossing:	
Transit:		Interchange:		Travel Demand / System Management:	

If project occurs on a roadway what is the facility type? Collector

Anticipated Year to Start Construction: 2010 - 2019

Is the project listed in any WAMPO or other regional plans? No

If yes, list the name of plan(s) and page number:

Project Cost Information

Engineering Cost:	\$480,000.00	Annual Operating and Maintenance Cost:	\$40,000.00
Right of Way Cost:	\$400,000.00	Dedicated Funding:	No
Construction Cost:	\$2,400,000.00	If yes, please provide source and amount:	
Total Project Cost:	\$3,280,000.00		

Metropolitan Transportation Plan (MTP) 2035 Project Application

Measures of Effectiveness Information

All projects types were asked to completed MOEs #1 - #4. MOE #5 is for Road and Bridge; MOE #6 is for Bike / Ped; and MOE #7 is for Travel Demand / Systems Manage

1) Does the project contribute to the overall improvement of the regional transportation system? Yes

If yes, please explain: The project improves the condition of an existing collector and enhances traffic safety in the corridor.

2) Does the project have a positive effect on air quality? No

If yes, please explain:

3) Does the project include facilities for, accommodate, or connect more than one mode of transportation? No

If yes, please explain:

4) Does the project address or help address a safety concern? Yes

If yes, please explain: Improves safety in the road corridor.

5) Does the project address a regional issue that is addressed in a WAMPO plan? No

If yes, please explain:

6) Is the project on a route identified in the WAMPO Regional Pathway System Plan (RPSP) and identified as a priority missing link? Does the project connect existing pathways?

If yes, please explain:

7) Does the project address congestion and is identified in the WAMPO Congestion Management Process (CMP) and/or Intelligent Transportation Systems Regional Architecture (ITS-RA)?

If yes, please explain:
