

Metropolitan Transportation Plan (MTP) 2035 Project Application

Sponsor Information

Project Sponsor / Agency: *City of Derby*

Project Information

Project Location: Bicycle and Pedestrian Path along James Street from Glen Hills Addition to High Park. (Phase 9 Bike Path)

To: High Park

From: Glen Hills Addition

Project Description: Construct a 10 foot wide concrete bike path along James Street from the Existing bike Path at Glen Hills to the Existing Bike Path at High Park.

Project Purpose: Project fills a missing link in the existing Bike Path System and connects the System and Derby High School to High Park where many local and regional activities are held.

Main Project Type: Bicycle/Pedestrian

Other Project Types Included: No

If yes to the previous question, what other project type are included?

Road:

Rail:

Bicycle / Pedestrian:

Bridge:

Intersection:

Railroad Crossing:

Transit:

Interchange:

Travel Demand / System Management:

If project occurs on a roadway what is the facility type?

Anticipated Year to Start Construction: 2010 - 2019

Is the project listed in any WAMPO or other regional plans? No

If yes, list the name of plan(s) and page number:

Project Cost Information

Engineering Cost: \$13,000.00

Annual Operating and Maintenance Cost:

\$500.00

Right of Way Cost: \$0.00

Dedicated Funding:

No

Construction Cost: \$165,000.00

If yes, please provide source and amount:

Total Project Cost: \$178,000.00

Metropolitan Transportation Plan (MTP) 2035 Project Application

Measures of Effectiveness Information

All projects types were asked to completed MOEs #1 - #4. MOE #5 is for Road and Bridge; MOE #6 is for Bike / Ped; and MOE #7 is for Travel Demand / Systems Manage

1) Does the project contribute to the overall improvement of the regional transportation system? Yes

If yes, please explain: Project improves the overall bike path system by providing a looped connection through High Park where many regional events such as Race for The Cure, Kidfest and the Summer Concert Series are held.

2) Does the project have a positive effect on air quality? No

If yes, please explain:

3) Does the project include facilities for, accommodate, or connect more than one mode of transportation? Yes

If yes, please explain: Connects bike path to established parking locations in High Park

4) Does the project address or help address a safety concern? Yes

If yes, please explain: No sidewalks currently exist on this corridor from the High School to High Park. The Path provides safe access to and from High Park for students and other pedestrians.

5) Does the project address a regional issue that is addressed in a WAMPO plan?

If yes, please explain:

6) Is the project on a route identified in the WAMPO Regional Pathway System Plan (RPSP) and identified as a priority missing link? Does the project connect existing pathways? No

If yes, please explain:

7) Does the project address congestion and is identified in the WAMPO Congestion Management Process (CMP) and/or Intelligent Transportation Systems Regional Architecture (ITS-RA)?

If yes, please explain:
