

Metropolitan Transportation Plan (MTP) 2035 Project Application

Sponsor Information

Project Sponsor / Agency: *City of Valley Center*

Project Information

Project Location: Meridian from Allen to 93rd Street North
 To: 93rd Street North
 From: Allen
 Project Description: Reconstruct Meridian from Allen to 93rd Street North with curb and gutter and pathways.
 Project Purpose: To improve drainage and safety for the area.
 Main Project Type: Road
 Other Project Types Included: Yes

If yes to the previous question, what other project type are included?

Road:	No	Rail:	No	Bicycle / Pedestrian:	Yes
Bridge:	No	Intersection:	Yes	Railroad Crossing:	No
Transit:	No	Interchange:	No	Travel Demand / System Management:	No

If project occurs on a roadway what is the facility type? Arterial

Anticipated Year to Start Construction: 2010 - 2019

Is the project listed in any WAMPO or other regional plans? No

If yes, list the name of plan(s) and page number:

Project Cost Information

Engineering Cost:	\$525,000.00	Annual Operating and Maintenance Cost:	\$21,000.00
Right of Way Cost:		Dedicated Funding:	No
Construction Cost:	\$1,575,000.00	If yes, please provide source and amount:	
Total Project Cost:	\$2,100,000.00		

Metropolitan Transportation Plan (MTP) 2035 Project Application

Measures of Effectiveness Information

All projects types were asked to completed MOEs #1 - #4. MOE #5 is for Road and Bridge; MOE #6 is for Bike / Ped; and MOE #7 is for Travel Demand / Systems Manage

1) Does the project contribute to the overall improvement of the regional transportation system? Yes

If yes, please explain: Meridian connects Valley Center with Wichita and I-235. Also will improve traffic to the new Valley Center High School at 93rd and Meridian.

2) Does the project have a positive effect on air quality? Yes

If yes, please explain: 10' Pathway will be included and this connects with schools, commercial areas, downtown and sidewalk leading to Wichita along Meridian.

3) Does the project include facilities for, accommodate, or connect more than one mode of transportation? Yes

If yes, please explain: 10' Pathway will be included and this connects with schools, commercial areas, downtown and sidewalk leading to Wichita along Meridian.

4) Does the project address or help address a safety concern? Yes.

If yes, please explain: The present roadway is a 2 lane county paved road. This will increase it to urban standards with turn lanes.

5) Does the project address a regional issue that is addressed in a WAMPO plan? Yes

If yes, please explain: Regional Pathways. It connects Valley Center with Wichita. [?].

6) Is the project on a route identified in the WAMPO Regional Pathway System Plan (RPSP) and identified as a priority missing link? Does the project connect existing pathways?

If yes, please explain:

7) Does the project address congestion and is identified in the WAMPO Congestion Management Process (CMP) and/or Intelligent Transportation Systems Regional Architecture (ITS-RA)?

If yes, please explain:
