

## Appendix E: American Recovery Reinvestment Act – Funding & Index

Appendix “E” contains projects that have been identified as a priority to receive American Recovery Reinvestment Act (ARRA) funds. *The American Recovery and Reinvestment Act (ARRA)* was signed into law in February of 2009 and provides additional federal funds for regional transportation investments. With the ARRA projects, funds are not guaranteed until they meet the established criteria set within the ARRA and have been identified and selected by the agency which funds are passed through. Within the WAMPO region, the WAMPO Transportation Policy Body will determine what projects will receive Surface Transportation Project funds (STP) that will go to the region through the ARRA. Other projects listed below were selected by the respected agency expecting to receive these funds from the USDOT.
